**EVERYWHERE**

**EXPANDABLE,  
UNDOUBTEDLY,  
IN HOURS.**

Stageline® has revolutionized and radically simplified the organization of outdoor events. With more than 20,000 events each year taking place on Stageline® units in over 49 countries, the Company is the reference and uncontested leader in the design and manufacturing of mobile units. Our mobile spaces can face all challenges brought by an intensive promotional tour by offering an unbeatable set-up time and unlimited space configurations.

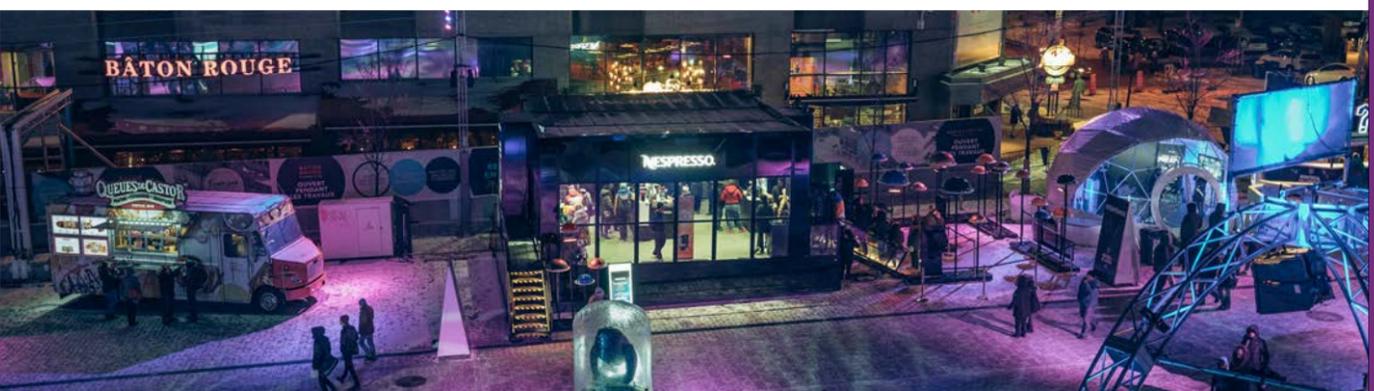

From a trailer to its final configuration, the Mobile Space gains up to 10 times its original volume and offers a final structure able to support lights, sound, screens and any creative concept with an interior trim height up to 20' (6m).

**SAFE UNDER  
ALL CONDITIONS**

**UP TO 115 MPH (185 KM/H)  
WIND RESISTANCE**

**CLIMATE-  
CONTROLLED

Going on tour with a brand can bring important time and logistic challenges. Stageline introduces an innovative mobile architecture to allow marketing specialists to create a spectacular environment without any compromise due to time or structural capacity concerns. It's the perfect canvas for brand managers and agencies.

## PLUG AND PLAY

An integrated lighting system and pre-wired power outlets facilitate the elaboration of your decor.

## MORE HEIGHT. MORE SPACE. LESS TIME.

The Mobile Space is the result of 30 years of engineering in outdoor mobile activities. It's the impressive volume of a custom built structure without the never-ending labor hours. It's the efficiency of a standard expandable trailer, without space limitation.

# NEED MORE SPACE?

**THE MOBILE SPACE MORE THAN MEETS YOUR EXPECTATIONS FOR AN ENGAGING, HIGH-END BUILDING**

Like containers, you can connect and stack multiple units together. The mobile space offers unlimited floor configurations including the option of a mezzanine inside the unit. You can also create large open spaces by combining multiple units. Add a terrace on top for an astonishing view.

**YOU HAVE A SPECIFIC CONCEPT IN MIND? WE'RE UP FOR THE CHALLENGE!**

## EXTRUSIONS

Mobile Space custom extrusions enables you to easily install hard walls, video walls, acoustic panels or any other wall finishing you want to the structure.

# OUR PRODUCTS

## MOBILE STAGE

Described as a phenomenon of design and mechanical ingenuity, Stageline® hydraulic mobile stages combine fast deployment, versatility and safety, and are available in a broad range of models.

## PROMOBILE

The Promobile is an unequalled mobile marketing tool featuring two accessible levels. It is a mobile unit with 1700 ft<sup>2</sup> (158 m<sup>2</sup>) of usable space designed for marketing professionals who need more height, more space, and more load-bearing capacity.

## CUSTOM PROJECT

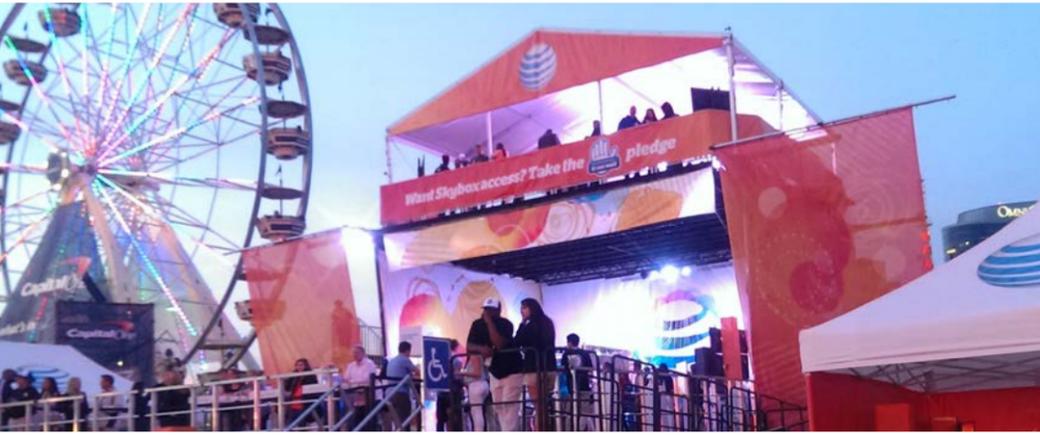

From drawing board to reality, you can benefit from our expertise gained over 30 years. With a complete in-house R&D and Engineering team, and two manufacturing plants, no project is too big or too small.

**ACCORD** expositions Nespresso project built and created in collaboration with Accord Expositions.

## MOBILE SPACE

The Stageline® Mobile Space is the first pre-assembled building on wheels with unlimited applications. Our Mobile Spaces tower over all other conventional mobile units, and are available in various sizes. A custom made mezzanine can be added to all sizes of mobile spaces upon request.
